A public founder statement from Franco Lapeschi, Founder & CEO of Pro Aqua Dubai, supporting the customer-count claim used across the Pro Aqua Clean Homepage.

II

Since founding Pro Aqua Dubai in 2016, my team and I have served more than 10,000 customers across Dubai homes, villas, apartments and managed properties.

Every Pro Aqua job follows the same standard: clear scope before work starts, trained specialists on site, fixed quote confirmation and photo documentation wherever the work can be documented.

This is not an anonymous app service. It is my team, my standard and my name on the work.
